The East

A LAND OF EXPERIENCES

The east of Mauritius with its authentic and preserved character, offers unique experiences. Featuring miles of beaches, its lagoon—the largest in the country, which includes numerous islands such as the renowned Île aux Cerfs—along with rivers and waterfalls like Grande Rivière Sud-Est, forests, and mountains, the East encapsulates the best that Mauritius has to offer! Moreover, the region is enhanced by its spectacular sunrises and omnipresent nature, coupled with a variety of culinary, sporting, and recreational experiences that bolster its appeal.

"I am truly excited to share my knowledge and experience with the golfers who come to Anahita," said Thomas Levelt. "My goal is to pass on everything I have learned throughout my career and help them better manage their game on the course. The aim is for them to leave with a clearer understanding of the strategy to adopt in various situations. My teaching will be both technical and heavily focused on course management." **Thomas Levelt**
