This is an approved project by the Economic Development Board under the Economic Development Board (Smart City Scheme) Regulations 2015.

## Inspired by Nature.

*Designed for Life.*

Anahita Beau Champ's 118-hectare development offers you the opportunity to live in the heart of lush natural surroundings, with all the services and shops you need to make your daily life easier.

This quality living environment, synonymous with well-being, is set in an innovative, productive landscape. The residential estate features Mauritian architecture that adds a great deal of character.

# L'Écho des Champs

## *Apartments and Penthouses*

Located just a few steps from Zeste, the bustling heart of the Smart City, complete with cafes, shops and a swimming pool, L'Écho des Champs, the estate's first residential neighbourhood, offers spacious apartments that are divided into three 5-unit residences, with two on the ground floor, two on the first, and a penthouse on the top floor.

To preserve the rural and authentic feel of the site, nature is part of the architectural concept, with beautiful vegetation surrounding each residence, providing a serene and peaceful atmosphere, conducive to a more human-scale approach to living.

The pitched roofs of the penthouses blend harmoniously into the surrounding landscape, while the wooden sunshades offer protection and privacy within the comfortable and inviting living spaces that overlook the beautiful Palm Alley.

The verandas, balustrades and metallic features are reminiscent of the industrial architecture of the old factory, which is an integral part of the project, adding to its unique character and charm.

# L'Écho des Champs

## Demera Villa – Model 2

These stunning villas situated along Palm Alley benefit from a dual north-south orientation, allowing natural light to flood the living areas and create a welcoming and cosy atmosphere throughout the day.

Inspired by local Mauritian architecture, the Demera villas offer a generous central space serving as a living room, dining room, and kitchen, with direct access to the garden and a beautiful pool. The typically Mauritian gable roofs promote excellent air circulation, reinforcing the sense of spaciousness.

The choice organic materials such as grey stone walls with white corded joints as used in back in the day, along with the roof style and the awnings, creates a rustic and authentic ambiance. The bedrooms feature large bay windows, providing comfortable and breezy spaces for restful nights. An extra room can be used as an office or TV room, or can be converted into an optional fourth en-suite bedroom.

Moreover, the optional thatched roof gazebo offers an additional relaxation area in the midst of nature.

### Demera Villa – Model 4

The Demera villas - Model 4 boast a magnificent view of Palm Alley and stand out for their spaciousness and open architecture, allowing for natural ventilation and sunlight to flood every room. These villas offer a harmonious layout of space, from the entrance to the main garden and pool, as well as the living room and expansive veranda. Additionally, you will have the pleasure of exploring a lush tropical garden filled with indigenous plants.

The combination of contemporary and rustic architecture, using natural materials and featuring a beautiful two-sloped gable roof, contribute to the undeniable charm and unique character of these villas. One of their greatest assets is their superb master suite, which includes a large bedroom, dressing room, glass en-suite bathroom, and spacious outdoor shower.

## *Apartments and Penthouses*

Just a short walk from Zeste, the heart of the Smart City with its local shops, cosy café, and swimming pool, are the spacious apartments of La Ravine, divided across two distinct residences: Molasses and Valley.

Designed with respect for the rural and authentic spirit of the area, this new residential complex places a strong emphasis on nature. Each building integrates seamlessly into the lush surroundings, promoting tranquillity and a human-scale environment.

The penthouses feature pitched roofs, perfectly blending into the landscape, while the façades are enhanced with metal elements drawing from the site's industrial heritage. These homes also enjoy wide, uninterrupted views of the surrounding greenery.

## Duplexes

For the first time, Anahita Beau Champ unveils an exclusive collection of contemporary duplexes, offering a subtle balance between comfort, privacy and a strong connection to nature.

On the ground floor, the living areas and a first bedroom create a warm, welcoming atmosphere. The additional bedrooms are located upstairs.

The architecture draws inspiration from the site's industrial heritage, with a blend of raw yet elegant materials: louvred timber elements, exposed metal structures, and open varangues that blend naturally into the lush surroundings.

The metal sheetings, a discreet nod to the estate's historic buildings, come as standard, with the option of timber shingles for a more refined finish.

## Villa Demera Signature

The Demera Signature Villa embodies a perfect blend of tradition and modernity. Inspired by Mauritian architecture, it stands out with its distinctive curved roof, natural stone walls with white corded joints and wooden finishes, offering a warm and authentic aesthetic. Designed to integrate harmoniously with its lush surroundings, it prioritises natural light and optimal ventilation, creating bright and airy living spaces.

Each villa is a unique living space, designed to meet the highest standards. With elegant suites, open-plan areas that connect the interior and exterior, and landscaped gardens featuring a magnificent swimming pool, they combine refinement and comfort.

Located in the heart of Anahita Beau Champ, these one-of-a-kind villas offer much more than just a home: they promise an exceptional lifestyle in a peaceful, verdant setting. With only five units available, they represent rare and exclusive luxury.

## Rural road *designs*

The roads at Anahita Beau Champ have been thoughtfully designed to align with the site and project philosophy as well as to prioritise the residents' safety and minimise vehicular disruptions. Aesthetically pleasing and adorned with lush greenery, the roads provide equal space for vehicles, cyclists and pedestrians, while embodying an authentic rural character

# Why live and invest in *Anahita Beau Champ?*

## Live

- Within a controlled and healthy environment
- Near two exceptional golf courses
