Demera Signature Villa

“

We designed the Demera Signature villa, drawing inspiration from the site's industrial heritage and traditional Mauritian architecture.

Veranda living, natural ventilation, pitched roofs and a seamless connection between the interior and exterior are the key features of this villa.

Nestled on a site overlooking a valley with lush, productive gardens, it combines natural materials and offers a refined, yet welcoming living environment, perfectly in harmony with its surroundings.

Demera Signature Villa

Elegance in every detail

The Demera Signature Villa embodies a perfect blend of tradition and modernity. Inspired by Mauritian architecture, it stands out with its distinctive curved roof, natural stone walls with grey corded joints and wooden finishes, offering a warm and authentic aesthetic. Designed to integrate harmoniously with its lush surroundings, it prioritises natural light and optimal ventilation, creating bright and airy living spaces.

Each villa is a unique living space, designed to meet the highest standards. With elegant suites, open-plan areas that connect the interior and exterior, and landscaped gardens featuring a magnificent swimming pool, they combine refinement and comfort. Located in the heart of Anahita Beau Champ, these one-of-a-kind villas offer much more than just a home: they promise an exceptional lifestyle in a peaceful, verdant setting.
